THE 2023 MEN'S 3-DAY INVITATIONAL

The Invitational Committee which includes Richard Adler, John Anderson, Bernie Beaudoin, Denny Delbane, Dave Koski, Bill Lohn, Hugh Morgan, Rich Ranells Jim Sciortino, Mike Sloe and Tom Smith has changed the determination of those who play in what is undoubtedly the flagship, premier event of the year. The 2022 event like past years competes with a full field of 60 and a waitlist which was limited to 30 potential players.

Each year, we have 1st extended an invitation to play to those who played in the previous year. The reality is that each year the field is comprised of essentially the same players – a true testament to the tremendous camaraderie among the players and the way the event is viewed by those who have played in past years. With a large waitlist and many others who have asked to play in the event, the Invitational Committee is committed to exposing this premier event to as many members as possible.

The Committee discussed a number of options for determining who plays in the event. Recognizing that the event by its nature is geared to the most passionate and enthusiastic golfers, the Invitational Committee agreed to tilt the participant selection process to those most supportive golfers of the club - those with unlimited memberships. Shown below is the order in which those who desire to play in 2023 will be slotted in the process.

1. Past champions since 2015 will be slotted 1st
2. Those who played in 2022 with unlimited memberships who retain unlimited membership status in 2023
3. Those 15 round members who played in 2022 and upgrade to unlimited membership status in 2023
4. Those unlimited members who were on the waitlist in 2022 and are unlimited members in 2023
5. Those 15 round members on the waitlist in 2022 who upgrade to unlimited membership status in 2023

At that end of the early membership renewal process on October 15, we will reach out to you to determine your interest in playing in the 2023 Invitational. Once we have the disposition of the 2022 players and waitlist and know the number of open slots, sometime in November we will extend an invitation to all other 2023 members to play in the 2023 Invitational. That invitation will extend to those 15 round members playing in 2022 who did not upgrade to an unlimited membership. Those who have not rejoined as part of the early membership process will only be able to sign-up once they rejoin. The size of the waitlist will not be limited as the intent is to enable all members desirous of playing to at some point experience this wonderful event. Thus, those on the 2023

STONEWATER

waitlist will very likely be given a higher slotting in future years - so you'll want to at least get on the waitlist – and the earlier you sign up the higher you will be on the waitlist.

The Committee will meet near the end of 2022 and review the slotting and the overall process and soon thereafter advise members of their participation or status on the waitlist. After the 2023 event, the Committee will again revisit the selection process as part of the planning for 2024.
