THE 2025 MEN'S 3-DAY INVITATIONAL

Our premier Men's event competes with a field of 60 2-man teams. During the fall, we will reach out to all members to determine your interest in playing in the 2025 Invitational. Thus, those members who have rejoined by the October 15 early renewal deadline will be given priority in the selection process. The details on the selection process will be sent with the event information this fall.

LINKSMAN GOLF ACADEMY & GOLF PROGRAMMING FOR MEN, WOMEN & STUDENTS

A significant investment was made in the Linksman facility these past two years to enable it to be used year around. Members can use the facility throughout the winter months to continue to swing their clubs; to play numerous courses throughout the world via our simulators either individually or via leagues; and of course, to continue to take lessons and fittings with our pros.

Under the guidance of our pros, our Linksman Golf Academy is a great way to perfect your swing and try out the newest equipment while having your swing analyzed using the latest GPS Trackman technology. Our demo days also enable you to talk directly with the representatives of each manufacturer to hear firsthand about what's coming in the latest equipment.

There are also numerous clinics for all ages including students taught by our Player Development pro Joe Meglen, the master instructor Bob Bourne, Head Golf Pro Bryan Huff and pro Christian Barto.

PRACTICE AND TEACHING AREA

With unlimited use and nearly a 35,000 sq./ft. practice area, you will always have something to work on. The range has five bent grass, target greens, as well as three private areas for the StoneWater PGA Teaching Professionals. There is also a spacious practice putting green, a large chipping green, and a fairway bunker practice area. Subject to inclement weather and normal maintenance, the range, practice bunkers, and putting and chipping greens for short game practice are available all season.
